*Philosophy:* Our design philosophy involves a commitment — first to our client's needs. We promise a restrained, elegant interior that is comfortable, relaxed, and will serve for many years to come.

*Favorite project:* A recently designed room suits us to a tee. It's neutral envelope is eclectic, uncluttered, relaxed and congenial. It's the heart of the home.

*Favorite things now:* New driftwood tones, and great new organic, natural textures in fabrics and carpeting. Using outdoor fabrics inside. Our iPads.
